

Mon Arbre Généalogique

The image shows a genealogical tree template. At the top, there are eight small rectangular boxes arranged in a row. Below these, a path of acorns leads to four larger rectangular boxes in a second row. From the second box of the second row, the path continues to two more boxes in a third row. Finally, the path leads to a single large rectangular box at the bottom center. A young boy with a red cap, yellow shirt, and green pants is standing at the bottom left, holding a green frog. The background features a large tree trunk on the right and green foliage on the left.
